

**rx** daytona +

*Le meilleur ... pour votre laboratoire ...*

# >> BENEFITS

The RX daytona+ is a bench-top, fully automated, random access clinical chemistry analyser capable of performing routine & specialised testing and emergency STAT sampling. The most versatile analyser in its class, the RX daytona+ combines robust hardware and intuitive software with the world leading RX series test menu for unrivalled performance. The RX daytona+ is capable of 270 photometric tests per hour and up to 450 including ISE.

## TEST MENU & CONSOLIDATION

Expand your testing capabilities on one efficient platform

## ACCURATE RESULTS

Achieve accurate patient results first time, every time

## UNRIVALLED PERFORMANCE

Reliability ensures no interruption to workflow

## QUALITY CONTROL

Developed to improve confidence in your results

## FLEXIBILITY & VERSATILITY

Increased functionality maximises testing capabilities

## COST SAVINGS

Smart technology designed to avoid additional costs
